HEMANTH KUMAR KONDUGARI

UI/UX LEAD DESIGNER AND DEVELOPER

12+ YEARS

UX STRATEGY • UI DESIGN • USER-CENTERED DESIGN • FRONT-END DEVELOPMENT

+91 94913 83241 | hemanth799@gmail.com | Visakhapatnam, Andhra Pradesh

PROFESSIONAL PROFILE

UI/UX Design professional with 12+ years of experience designing enterprise web applications, websites, dashboards, and mobile products across various business domains. Strong expertise in user interface design, user experience, interaction design, wireframing, prototyping, and responsive design.

Experienced in translating business and user requirements into intuitive, visually appealing, and user-friendly digital experiences. Skilled in collaborating with product teams, developers, clients, and stakeholders throughout the design and development lifecycle.

Strong hands-on experience with Figma and Adobe Creative tools, along with practical frontend development knowledge in HTML5, CSS3, Bootstrap, JavaScript/jQuery, and React. Capable of working with existing React applications, integrating and consuming REST APIs, and making frontend modifications and enhancements.

Also have experienced using AI-powered coding tools such as Claude and Cursor to support code-related tasks, understand existing codebases, and improve development workflows. Familiar with responsive design, REST APIs, SDLC, and Agile methodologies.

CORE EXPERTISE

• UI/UX Design

- UI/UX Design
- User-Centered & Interaction Design
- Wireframing & Prototyping
- User Flows & Storyboarding
- Web & Mobile App Design
- Responsive & Visual Design
- Design Systems & Design Handoff
- Usability & User Research
- Design Reviews & Stakeholder Collaboration

• Frontend Development

- HTML5, CSS3 & Bootstrap
- JavaScript, jQuery & React (Practical Experience)
- REST API Integration & Frontend Modifications
- AI-Assisted Coding (Claude & Cursor)
- Agile / SDLC & Sprint Planning
- Jira & Azure DevOps
- Cross-functional Collaboration
- Team Mentoring & UI Training

PORTFOLIO

DESIGN & TECHNOLOGY

Design Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD, Adobe InDesign, Dreamweaver, Visual Studio Code

Frontend Technologies: HTML5, CSS3, Bootstrap, JavaScript, jQuery, React

Development Knowledge: REST APIs, JSON, Frontend Integration, Responsive Development, Existing Application Modifications

AI-Assisted Development Tools: Claude, Cursor, ChatGPT

Project Management & Delivery: Jira, Azure DevOps, Agile, SDLC, Sprint Planning

EDUCATION

MASTER OF COMPUTER APPLICATIONS (MCA)

Alagappa University | 2016–2021

BACHELOR OF ARTS (B.A.)

Andhra University | 2008–2012

PROFESSIONAL EXPERIENCE

Viveja IT Services (**UI/UX Designer and Developer**) **Jun 2024 – Present**

• Designed and implemented responsive user interfaces, layouts, wireframes, user flows, and frontend enhancements for web applications and customer-facing platforms.

• Worked on frontend development using React, JavaScript, HTML, CSS, and reusable UI components to improve usability and maintainability.

• Improved search engine visibility and user experience through SEO, accessibility compliance, structured data implementation, and performance optimization initiatives.

• Performed application audits and implemented solutions for usability, accessibility, compliance, content governance, and process improvements.

• Contributed to application modernization initiatives, including framework upgrades, testing, monitoring, logging, and repository migration activities.

• Collaborated with cross-functional teams to deliver scalable, user-centric, and production-ready digital solutions in Agile environments.

Finexcore (**Senior Technical Consultant**) **Dec 2023 – Feb 2024**

Designed UI layouts and graphics for banking applications, collaborating with marketing and development teams. Also contributed to frontend UI modifications and JavaScript-based functionalities.

Vensai Technologies (**UI/UX Lead Designer**) **Apr 2019 – Sep 2023**

Designed email campaigns, UI layouts, and visual concepts in collaboration with marketing and development teams.

Led UX/UI design within an 18-member team, creating concepts, mockups, wireframes, prototypes, and design specifications.

Created user flows, navigation, and interaction strategies focused on user needs.

Designed responsive dashboards using HTML5, CSS3, and Prime Faces for cross-browser and device compatibility.

Worked on frontend UI changes, DOM manipulation, and JavaScript-based interactions for dashboards.

Manuh Technologies (**Senior UI/UX Designer**) **Jul 2014 – Apr 2019**

- Created performance-based landing pages, banner ads, and emails to improve the number of leads & partnered with social media team to design motion graphics and animated gifs
- Collaborated with Client and Development Managers and other stakeholders to successfully complete designs.
- Created storyboards & personas as per users and incorporated them into design decisions, resulting in an improved and significant design creation.
- Implemented UX strategies that reflected country specific individuality while keeping brand identity.
- Created Interaction strategies that helped developing navigation and flow, designing wireframes and interactive prototypes, story-boards, personas, empathy maps for user needs and goals.
- Evaluated current branding, products and company details to create new style guides, and present alternative styles and dashboard designs.

PROJECT HIGHLIGHTS

HIVE Financial Services

UI Designer and Developer | HTML, CSS, JavaScript, jQuery, Bootstrap, .NET

Working as a UI/UX Lead Designer on the HIVE Financial System, contributing to multiple financial product modules and user experiences.

- Led website enhancement, SEO, accessibility, compliance, and frontend improvement initiatives across Clover Credit, Nora Credit, and Explore Credit platforms, including responsive UI updates, navigation improvements, structured data implementation, canonical URLs, sitemap management, 404 handling, accessibility enhancements, and legal content updates.
- Performed website audits and implemented solutions to improve user experience, search visibility, accessibility standards, and regulatory compliance across multiple financial product websites.
- Contributed to platform modernization initiatives including .NET 8 upgrades for Customer Portal applications, shared libraries, integration and test projects, OpenTelemetry monitoring integration, repository migrations, and role-based access control enhancements.
- Developed reusable frontend components, optimized site structure, improved content governance, and collaborated with cross-functional teams to deliver production-ready web applications and financial services platforms.

- Worked on HIVE modules including Explore Credit, Clover Credit, Nora Credit, Task Suite, and CSR Dashboard.
- Designed user-friendly interfaces, responsive layouts, wireframes, and interaction flows.
- Collaborated with product, development, and business teams to convert requirements into practical UI/UX solutions.
- Worked with React applications to make UI changes and frontend modifications.
- Worked on JavaScript functionalities and frontend interactions as required.
- Used Claude and Cursor for code-related tasks and frontend development support.

CEVA Logistics — CJF React UI Enhancement

UI Developer | React JS, Prime React, HTML, CSS, JavaScript, jQuery, Bootstrap, REST APIs

Worked on modernizing the CEVA Java Framework UI with React/PrimeReact; implemented layouts and reusable utilities, supported REST integration, resolved UI issues and provided UI development training to the team.

WMG (Wright Maritime Group) Web-enabled Accounting Application

UI Designer and Developer | HTML, CSS, JavaScript, jQuery, Bootstrap, .NET

Contributed to a custom web-enabled accounting and reporting application, converting approved mockups into responsive HTML interfaces and supporting UI fixes and business-process-oriented screens.

PROJECT PORTFOLIO SCOPE Across 12+ years, designed and contributed to many websites, enterprise web applications, dashboards and mobile applications across multiple domains and clients.

CLIENTS / DOMAINS
